

VATICAN ANNULS HER MARRIAGE TO PRINCE RADZIWIŁŁ

Princess RADZIWIŁŁ
Mrs. Lillie Charles...

Former Dorothy Deacon, Noted
Boston Beauty, Freed From
Her Husband

ROME, Jan. 11.—Princess Radziwiłł announces that the Sacred Rota tribunal of the Vatican has annulled the marriage of her son, Prince Radziwiłł, to Miss Dorothy Deacon, which took place in 1910 at London.

Miss Deacon was the daughter of the late Edward Parker Deacon of Boston. She was noted for her beauty and had long been prominent in society in London and Paris.

Previous despatches reported that the Princess had sought annulment of her marriage, pleading that she had not entered voluntarily into that state.

The Prince's mother, a relative of the former German Kaiser, opposed the marriage from the first, and continued to show great coldness to her daughter-in-law, who made several appeals to the Vatican for relief.

PIPE MEN ENTER PLEAS OF NOT GUILTY.

The several corporations and individuals, members of the Eastern Soil Pipe Manufacturers' Association, recently indicted for arbitrary rate fixing and stifling of competition in violation of the Sherman Law, entered technical pleas of not guilty to-day before Federal Judge Knox through their attorney, Goldthwaite H. Dorr. Judge Knox allowed counsel ten days in which to demur or take such action as he sees fit.

BAVARIANS BAN AMERICAN PLAY

Producer Forced to Replace United States Names and Scenes With Russian.

BERLIN, Jan. 11 (Associated Press).—Munich theatregoers are still touchy on the subject of America, it appears from an incident just reported here.

The Neue Berliner Zeitung tells how an audience in the Bavarian capital fairly raised the roof in objecting to the American background and American names being used in a new theatrical production. They howled and hissed and stamped and finally the performance was brought to a stop.

The authorities, when the manager was brought before them, forbade him from producing the play unless the scenes were placed in some country other than the United States. The versatile producer readily complied and had his scenes in the Caucasus. The name of one character was changed from "Smith" to "Smirski" and that of "Gladys Chicago, Dollar Princess," to "Marsha Petrograd, Millionaire's daughter." The metamorphosed play was a tremendous success.

POLITICIANS IN DUEL, BUT NEITHER IS SHOT

Candidate for Governor Fights a Senator in Argentina.

BUENOS AIRES, Jan. 11.—The popular fancy has been captivated by the details of a duel which has been fought here by Dr. Rodolfo Moreno and Senator Bernardo Sagüel.

Dr. Moreno is the Conservative candidate for the Governorship of the Province of Buenos Ayres, while Senator Sagüel is a no less eminent Radical politician. The dispute arose over the phraseology of a Radical election poster.

They met with pistols in one of the suburbs of Buenos Ayres, attended by several distinguished men, including the former Mayor of the city and a Chilean diplomat. Both fired at the signal, but neither was wounded.

Dr. Moreno's seconds noted that Senator Sagüel had fired at the ground, and they then insisted that Dr. Moreno should stand up unarmed to receive another shot, but Senator Sagüel refused to fire upon him. A discussion ensued, which resulted in a reconciliation.

U. S. READY TO MEET RUSSIANS AT GENOA

White House Acquiesces in Allies' Invitation to Soviet at Economic Conference.

WASHINGTON, Jan. 11.—The United States will not stay out of the Economic Conference at Genoa because of the presence of the representatives of Soviet Russia. It is officially stated at the White House that the resolution adopted by the Supreme Council calling for the conference and inviting Russia is in absolute accord with the feeling of this Government toward that country.

The resolution, which the United States presumably approves, declares the right of each country to choose for itself the system which it prefers, but adds: "It is not possible to place foreign capital in order to help a country unless the foreigners who provide the capital have a certitude that their property and their rights will be respected."

THE "GENRO" AT AN END WHEN YAMAGATA DIES

Only "Elder Statesman" Left Is Believed to Be Near Death.

TOKIO, Jan. 11.—The illness of Prince Yamagata has become much more serious. He is the last leader of the "Genro," the original group of men known as the "elder statesmen," who bridged the gap between mediocrity and modernity. The "Genro" dies when Yamagata dies.

From the capital party leaders and officials are constantly calling to confer with "him who must be obeyed"—and they obey him. Few have dared to disobey him. He has been the most powerful figure behind the scenes in Japan.
